Superstition

Governs many an action and will govern this one of ours. It is generally believed that Friday is an unlucky day, and for that reason we have selected

Friday and Saturday,
July 4th & 5th,

As the days upon which to hold our next slaughter in prices, and will offer you bargains covering a larger field than ever before. To show you that we mean business we offer you on those two days—
Linen Torchon Lace, all widths, per yd 50
Valenciennes Lace, all widths, per yd 60
Hamburg Edging, per yd from 10 to 20
Crepes Lace, extra quality, 50% off
Ladies All Linen Handkerchiefs, hemstitched, 25% off
Children's Lace Collars, your choice of large assortment 20% off
Turkey Red Table Covers, 50x70, extra heavy, each 80
Turkish Red Table Covers, 50x70, extra quality, fringed 1 25
Adamantine Pins, two papers for 10
Cloth-bound books, by best authors Paper-covered books, by best authors Best First Glass Globes, per doz. 60
Acme Lamp Chimneys, 3 for 25
An extra large line of crockery, glassware, fancy goods, etc., at equally low rates. Remember these prices are for these two days only and spot cash is our secret for selling goods cheaper than our competitors.

Just for Fun

We will amuse another blow at superstition, and as it is generally known that thirteen is an unlucky number, we make the following offers:
First—We will give a present of a nice doll to every child in its 13th year who will come to the store on either one of these days and register his or her name in a book kept for the purpose.
Second—We will make a present of a nice oil painting to any person whose bill figures an even 13 dollars or multiple thereof.
Third—To any party of 13 widows who come in a group on either Friday or Saturday we will make each and all a present out of our glassware assortment.
Fourth—To any party of 13 orphans accompanied by both their parents, we will present each one with a deed to a lot in Ryland's Addition to Reno.
Fifth—To any party of old maids between 30 and 40 who will come on Friday, we will present each one with an entire outfit of kitchen furniture, and do what we can to help them find husbands.
Yours for fun or money.

The Fair.

DR. PRICE'S CREAM BAKING POWDER

MOST PERFECT MADE.

From the Professor of Chemistry, California College of Pharmacy.

SAN FRANCISCO, JANUARY 24, 1889.
I have made a careful analysis of a sample of Dr. Price's Cream Baking Powder purchased by me in open market. The results of my analysis show that the Cream of Tartar used in its manufacture is pure, and that it does not contain any foreign substances, such as Alum, Ammonia, Lime, or other impurities. I consider it to be pure and wholesome, and in every way a superior article.
W. T. WENZEL, M. D. Ph. M. Ph. G.
Professor of Chemistry in the Cal. Col. of Pharmacy, University of California.

CONGRESSIONAL.

Debate on the Federal Election Bill.

THE SENTIMENT ON SILVER.

The Conferees Meet but Accomplish but Little.

The President Urged to Sign the Wyoming Admission Bill.

Congressional Proceedings.

WASHINGTON, July 2.—The conferees on the silver bill met this morning and spent an hour discussing the differences between the two Houses. They separated at noon, having come to no conclusion. It is said there were three propositions presented for consideration.

The conferees adjourned to meet tomorrow. The House conferees brought to the meeting a copy of the bill that passed that body, and this formed the basis for whatever discussion took place. A great portion of the time was spent in a general talk on subjects of no definite proposition before them.

HOUSE.
The House resumed the consideration of the Federal Election bill, the pending question being on an amendment offered by Tucker of Virginia, requiring the Judges of Circuit Courts associate with the District Judge to pass upon the applications for supervisors of election.

Tucker's amendment was rejected. Rowell of Illinois offered an amendment making it the duty of the Circuit Judges in each circuit, within one month after the passage of this act, to open a special term of the Circuit Court in their respective circuits, and said judges shall appoint for each judicial district three discreet persons of good character and standing, who shall be known as United States Juror Commissioners.

It shall be the duty of such commissioners to organize as a board and, from time to time, make from the qualified voters a list of persons who, under the laws of the United States and of the State, shall be eligible for jury duty, without respect to race or color. Hereafter all panels for jurors shall be drawn by the board in the presence of the District or Circuit Judge.

Springer of Illinois opposed the amendment, declaring its purpose was to pack the juries of the country with Republican partisans; that it was the culmination of the outrage contemplated by the bill.

Rowell's amendment was agreed to—146 to 143.

A good deal of confusion followed the announcement, amid which several Democrats demanded the yeas and nays, but in so low a tone it was not heard by the Speaker, who recognized Struble of Iowa to offer an amendment.

Then Outwaite of Ohio called the attention of the Speaker to the fact that the yeas and nays were demanded, and, upon the Speaker expressing the opinion that the demand came too late, Outwaite himself requested all those favoring the demand to rise. The entire Democratic side rose, but the Speaker entirely ignored it, and did not count those rising. He stated, however, that, if there was no objection, the yeas and nays might be ordered. There being none, the Speaker directed the clerk to call the roll, amid a volley of protests from the Democrats at its being granted as a favor what they demanded as a right.

The amendment was adopted—yeas 150, nays 144.

Hemphill offered an amendment to section 32 of the bill to insert the words "except section 1,989 of the revised statutes of the United States." He explained that that section of the bill empowered the Supervisors to use the army and navy at the polls, and the purpose of his amendment was to eliminate that provision.

Lodge denied that the bill had any such effect as stated.

Springer moved to lay the bill on the table and thus defeat it. The motion was beaten, 149 yeas to 155 nays.

The only Republicans to vote in favor of the motion were Coleman of Louisiana, Lehlback of New Jersey and Ewart of North Carolina.

Another vote was paired with Simmons of Connecticut.

Springer, before the vote was announced, changed from yeas to nays and moved to reconsider.

Rowell of Illinois moved to lay that motion on the table. Carried, 153 to 148.

Blount of Georgia said the bill provided for the appointment of partisan supervisors and surrounded those supervisors with U. S. soldiers at their backs, all to make the voters feel they were under the terrors of the military authorities.

McKinley of Ohio said the amendment would take away from the President all the power he had to enforce in judicial processes. The bill would be destroyed if the Government were deprived of the right to use the federal power to execute judicial processes under the proposed measure.

Hemphill's amendment was lost, 148 to 155.

SENATE.

Plumb, from the Committee on Public Lands, reported the Senate bill to provide for the delivery of land patents to their rightful owners, and asked for its immediate consideration. Statements were made by Plumb, Haddock and Barry that there had some 250,000 land patents accumulated in the General Land Office, for which those entitled to them had not applied; that a thrifty firm of Washington attorneys had been permitted to have lists made of them; that they had then communicated with the persons entitled to them, notifying them that they could get their land patents on the payment of a certain fee; that this was an act of collusion between the Assistant Commissioner (who was then Assistant Secretary of the Interior, acting as Commissioner) and this law firm, and that the bill was designed to frustrate that job.

The bill was then passed. It directs the Secretary of the Interior to send to the Recorder of Deeds in each city in which the lands so patented lie lists of the land patents in that county that have been in the General Land Office uncalled for for twelve months.

The Woman Suffrage Association Wants Wyoming Admitted.

WASHINGTON, July 2.—The National Woman Suffrage Association, through Jane H. Spofford, its Treasurer, and the National Woman's Christian Temperance Union, through Ada M. Bit-tender, Superintendent of Legislation and Petitions, called upon the President to-day and asked him to sign the bill providing for the admission of Wyoming on the Fourth of July.

The Wyoming bill provides for political equality without distinction, and advocates woman suffrage. They say that they desire to celebrate the Fourth of July in honor of this beginning of a commonwealth in connection with events for which the day is already commemorated. It is intended to have the Wyoming and Idaho bills sent to Cape May Point, where the President will pass the Fourth, and request him to sign them there.

Suffering Orphans and Widows.

DUNBAR (Pa.), July 2.—The work of smothering the fire in the Hill Farm mine has been commenced, as the mine cannot be flooded. The ineffectual over the bodies brought out of the mine will begin Monday. What is most needed now is relief for the 21 widows and 77 children of the victims. There is much suffering.

Compromise Probable.

CINCINNATI, July 2.—The striking carpenters have agreed to return to work if the bosses are willing to give ten hours' pay for nine hours' work after July 15th. Of the 1,500 men unemployed about 1,000 will be able to obtain work.

Business Resumed.

ST. LOUIS, July 2.—The strike of the East St. Louis platform men is over and business is fully resumed.

An Increased Demand.

The Santa Barbara Press says: The demand for gypsum from the Point Sal mine has been so great that it has become necessary to increase the force of men about one-fourth. There will be more than 4,000 tons taken out during the present year. There is being more than forty tons a day mined now.

DESTRUCTIVE STORMS.

COOL WEATHER IN CHICAGO.

The Panama Canal Still Further Discussed.

A Valuable Montana Copper and Silver Mine.

The Silver Sentiment.

WASHINGTON, July 1.—Ex-Congressman White, the well-known wealthy Brooklyn broker, passed through here to-day en route home from a business trip to the far West. He said of his trip: "I was engaged in looking after mining interests, and was thus brought in contact with the leading silver bullion producers of the States and Territories. While, perhaps, the more general sentiment among the people favored free coinage, and while all recognize the smartness of the Senate in order to get the bullion redemption feature removed from the Windom bill, yet in point of fact the leading bullion producers are and were all the time entirely satisfied with the \$4,500,000 purchase of bullion, provided the bullion was payable in Treasury notes, which are redeemable in lawful money, and are full legal tender for all debts, public and private. Since the matter has been in conference, I have discussed freely with the people out there and all are entirely satisfied with the belief, which has gained credence throughout the silver-producing States, that the result of the conference will be a bill such as I have spoken of. I was at Denver, Leadville, Salt Lake, Pioche and Ocala, Nev., and in the Wood River mining district, Idaho, and being among the silver producers, I made it a part of my business to get the sentiment of the people about the silver question. These people feel that the effect of taking care of the silver production of this country, which is \$50,000,000 a year, will cause silver gradually and certainly to approximate toward the standard which is now recognized by the coinage values put upon gold and silver by this country. They expect to see silver constantly advance in price."

LOCAL INTELLIGENCE.

THE W. C. T. U.

Their Fifth Annual Convention in Reno.

The W. C. T. U. held their Fifth Annual Convention yesterday and to-day at the Baptist Church and transacted the business of the convention. Last evening Mrs. M. L. Wells, the National Organizer of the W. C. T. U., gave a very interesting talk on the organization, which was listened to with marked attention. Mrs. Wells is an earnest and pleasant speaker and handles her subject in a manner to win the sympathy of her listeners.

Mrs. Wm. Webster delivered the greeting of the Nevada W. C. T. U., which was well given and enthusiastically received.

TO-DAY'S PROCEEDINGS.

The morning session was spent in balloting for officers, and the following were elected for the ensuing year: State President, Mrs. Van Deventer; Corresponding Secretary, Mrs. Norcross; Treasurer, Mrs. Crawford of Carson; Recording Secretary, Mrs. Latta of Carson.

Lunch was served in the church basement by the ladies of the W. C. T. U.

The Convention was called to order again at 2 o'clock, and Mrs. Wells gave a very interesting address on the plan of work in the W. C. T. U.

This evening Mrs. Wells will give a lecture at the Baptist Church, which will, no doubt, be well worth hearing. The following will be the program: Song service.....Conducted by Reno Y's Scripture reading and prayer.....Key, Thomas MacCall Lecture.....Mrs. M. L. Wells Vocal solo.....Mrs. K. H. Bready Collection and benediction.

Resigned.

Allen C. Bragg has resigned as Secretary of the Fourth of July Committee and C. W. Pooton elected in his stead. Any one having business with the committee will please take notice.

A New Swindle.

The Pomona, Cal., Progress says a new swindle is reported from Santa Barbara county. It is perpetrated by means of a double fountain pen, one end of which is filled with good, substantial ink, the other with ink that fades away in a day or two. The sharper writes his agreement, contract, or whatever particular thing he may have chosen with the ink that fades, and has his victim sign with the other end of the pen that lasts. In a few days he has a slip of paper with nothing on it but a good signature, over which he writes any sort of note that he can easiest turn into cash. Look out for the man.

Where the Gold Goes.

According to the estimates recently made by the Directors of the Mint, the 204,539 passengers who left the United States for Europe during the last fiscal year, took with them not less than \$20,000,000 in gold or its equivalent in letters of credit.

Staggered by the Price.

An English syndicate has been pricing one of Philadelphia's vast chemical works of international repute, and is said to have been staggered by the price named—reported to be \$20,000,000. Nevertheless, the syndicate is still negotiating.

Old man people suffer from disorders of the urinary organs, and are always afflicted at the wonderful effects of Dr. J. H. McLean's Liver and Kidney Balm in banishing their troubles. \$1.00 per bottle.

ONLY A POSTAL CARD.

With your name and address, mailed to the Swift Specific Co., Atlanta, Ga., is necessary to obtain an interesting treatise on the blood and the disease incident to it.

Skin Eruption Cured.

One of my customers, a highly respected and influential citizen, but who is now absent from the city, has used Swift's Specific with excellent result. He says it cured him of a skin eruption that he had been connected with for thirty years, and had subjected the curative qualities of many other medicines.

Bismarck, Orono, Druggist, Falls City, Neb.

The Hottest Term.

CINCINNATI, July 2.—The temperature moderated last night, and is still lower to-day than at this time yesterday. The accumulated effect of the previous hot weather, rather than the heat of the day, caused nearly twenty prostrations from heat yesterday and four deaths.

CHICAGO, July 2.—The long promised cool wave has arrived, bringing relief to the sweltering inhabitants. At 9 o'clock this morning the thermometer stood at 68°, a drop of nearly 20° since yesterday.

"The Dark and Bloody Ground."

LOUISVILLE, July 2.—A special from Flemingsburg, Ky., contains conflicting reports of a bloody encounter between the revenue officers and the moonshiners in Rowan county yesterday. All the reports agree that three were killed.

TELEGRAPHIC BREVETTES.

Bar silver, 104.

The premium on gold in Buenos Ayres to-day was 172.

A Paris dispatch says that Eyraud has made a full confession to the police.

5 O'CLOCK EDITION.

The Silver Situation.

Senators Jones and Harris and Representative Bland ought to be able to fix up a silver bill in conference which will be acceptable to the country. What we expect from them will be about this: The Government will buy 4,500,000 ounces monthly, will issue certificates up to that amount, rating 412 1/2 standard grains of silver to the dollar; these certificates will be a legal tender for all public debts, and when the price of silver shall advance so that 371 6/10 grains sell for a dollar, then the certificates will be taken off and silver at 161 2/3 to 1 will be just as good as gold and will be a legal tender for all debts, public and private. If we can get such a bill as that, and get it signed, we think the people of the West ought to be pretty well satisfied with the work of their representatives.

No one can half appreciate how bitter has been the opposition who does not read every day a large number of Eastern papers. After the Senate passed the free coinage measure the Philadelphia American, which would be shocked if any one should doubt its perfect integrity and fairness, published the following:

A more business-like proposal to rob the country of its silver is difficult to formulate. We have done nothing in the line of such a proposal. It is a public debt of \$100,000,000 a month, and costing their silver to the value of about \$100,000,000 a month. It is a public debt of \$100,000,000 a month, and costing their silver to the value of about \$100,000,000 a month. It is a public debt of \$100,000,000 a month, and costing their silver to the value of about \$100,000,000 a month.

The Salt Lake Tribune says: It will be seen at a glance how obtuse is the reasoning of this editor of the American. He thinks the plan to open the mints to the coinage of silver cannot be defended on any grounds of honesty. He is content so long as the profits made by the Government through silver coinage accrue to the Government, and sees no dishonesty in the legislation which for seventeen years has taken those profits away from the silver producers, but thinks if that legislation should be reversed it would be a shameful and dishonest edict in the interest of a single class of producers. That the interest of the other producers of the country would be enhanced as much as the interest of the producers of silver, this man and his class of men seem entirely unable to comprehend. The difference between silver as money and silver as a commodity is an incomprehensible one to them. They are saturated with the virus of that class of thinkers and that class of thieves who first caused the demonization of silver in England seventy-four years ago, and nearly produced the ruin of that country and of their imitators who caused the same work in the United States, and which has resulted in seventeen years in making the labor on the farm and in the shop profitless. We do not think that anything less than death will cure that class of men, and we do not care how soon they die.

CHILI is in a state of excitement over an influx of foreign laborers. Mob violence has occurred in several instances, and even revolution is in the air. Mexico might take warning by this before she begins the work of importing Chinese to build her railroads and crowd out her natives. The Chinese will do this far more effectively than Europeans have done in Chili. If the latter country, one of the best governed in South America, can not stand the pressure of pauper immigration, nothing better, surely, can be expected in Mexico under aggravated provocation from Mongolian invasion.

THE prisoners at a Texas convict camp killed a guard last Monday and escaped. If half the stories told of life at these convict camps are true, it is a wonder that outbreaks are not more frequent. Nothing but the imminent danger of "dash or worse punishment" could hold in check prisoners whose daily life is a reproach to civilization.

CHANCELLOR VON CAPRIVI says he is no enthusiast on German colonization, but as the country has embarked in such enterprises he will support them. His position, says the Bulletin, seems to be similar to that of Bismarck. German colonization is the outcome of the awakened commercial spirit of the country. The military element would probably prefer to keep the men at home and consolidate the power of the empire. That business enterprise is forcing the hand of the Government is encouraging for Liberalism in Germany.

THE present agitation in Central America and the danger of war on account of the ambitious projects of President Barrillas of Guatemala, make a good occasion for invoking the arbitration recommended by the Pan-American Congress. If there is anything more in it than buncombe, now is the time to prove it.

California

A Pioneer's Experience With Hood's Sarsaparilla.
"I am a pioneer in this country, having been here 30 years. Four years ago my little son Kilary became blood-poisoned by impure virus in vaccination. His arm swelled terribly, causing great agony; physicians said the arm must be amputated, and even then his recovery would be doubtful. One day I read about a blood purifier, new to me, and was surprised to learn that it was prepared by C. I. Hood, with whom I used to go to school in Chelsea, Vt. I decided to have my boy try Hood's Sarsaparilla, and was much gratified when it seemed to help him. He continued to grow better as we gave him the Sarsaparilla, and having used 8 bottles is now entirely cured. As Hood's Sarsaparilla has accomplished such wonderful results, I recommend it all I possibly can." JEROME M. SLEEPER, Upper Lake, Lake Co., Cal.

The City Treasurer
Of Lowell, Mass., says: "The above is from my brother, whose signature I recognized. I am also glad to testify to the excellence of Hood's Sarsaparilla, and to say that C. I. Hood & Co. are considered one of the most reliable firms in New England." VAN R. SLEEPER, City Treasurer, Lowell, Mass.

Hood's Sarsaparilla
Sold by druggists. \$1.50 for \$3. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

JOTTINGS.

Wall paper of all kinds at Shoemaker & Ruth's.

Mixed paints—the best made, all colors at Shoemaker & Ruth's.

The Riverside Hotel is the place to go for as good accommodations as are to be had anywhere.

C. J. Brookins has an extra fine stock of rockets, Roman candles, wheels, bombs and firecrackers of all sizes and styles.

The fact that those who once stop at the Arcade always return, shows that the efforts of Mr. and Mrs. Lemery to please are being appreciated.

Patronize C. A. Thurston for the finest pocket knife you ever carried; also for as fine an assortment of fireworks as was ever brought this side of the mountains.

J. J. Becker's Chicago saloon is where you can find ice-cold beer and Sacramento beer, and also port, besides a full line of the best imported and domestic wines.

Jaques & Son are doing their share of the stove, crockery, glassware and shell-hardware business. They also carry a complete stock of buggies, farming wagons and all kinds of harnesses.

Hurrah for the Fourth! E. C. Leadbetter has all the new-sary fireworks to make the average boy happy, just take a look at his large supply. The best firecrackers in Reno.

In order that your little ones may look as neat as any on Independence day, take them to Miss Emma Gibbs, who will rig them out with the prettiest summer hats ever brought to Reno.

Those people from the country who will spend the Fourth in town, are reminded that the Phoenix Hotel is entirely new, is neatly furnished throughout and is kept in first-class style.

Under the industrious management of Mr. and Mrs. McClure, the Tremont is receiving a liberal share of patronage. Their rooms and beds are second to none in town. Give the Tremont a call and you will be sure to return.

An Old Soldier's Story.

In the late war I was a soldier in the First Maryland Volunteers, Company G. During my term of service I contracted chronic diarrhoea, since then I have used a great amount of medicine, but when I found any that would give me relief they would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow. I take pleasure in recommending this preparation to all of my old comrades, who, while giving their service to their country, contracted this dreadful disease as I did, from eating unwholesome and uncooked food. Yours truly, A. E. Bending, Hales, Ore. For sale by Shoemaker & Co.

Unpleasantness Avoided.

Several months ago, Mr. Henry Plummer of Clements, Cal., who is subject to cramps, was taken with a severe attack. He had been accustomed to get relief by dosing with morphine, but the disagreeable effect that followed would make him miserable for hours after the cramp had been relieved. I persuaded him to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. He was much pleased with its effect as it was almost instantaneous, and no disagreeable after effects accompanied its use. Chas. Bennett, Manager, Farmers' Trade Union, Clements, Cal. For sale by Shoemaker & Co.

Happy Hooesters.

Wm. Timmerman of Louisville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that had feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman of same place, says: "Find this Electric Bitter to be the best Liver and Kidney medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only \$1.00 a bottle at Wm. Fininger's drug store."

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles, found herself sound and well, now does her own housework and is as well as ever was—Free trial bottle of this Great Discovery at Wm. Fininger's Drug Store, large bottles \$1.00 and \$2.00.

Spring Medicine.

Dr. Gunn's Improved Liver Pills on account of their mild action are especially adapted for curing spring disorders, such as impure blood, tired brain and worn-out body. They act promptly on the liver and kidneys, drive out all impurities from the blood, and malaria from the system. Only one pill at a dose. Try them this spring. Sold at 50 cents a box by S. J. Hodgkinson.

Perfect digestion and assimilation produce disorderly conditions of the system which grows and are consumed by perfect. Dr. J. H. McLean's "Strengthening Cordons" and blood purifier, by its tonic properties, cause indigestion and give tone to the stomach. \$1.00 per bottle.

AN INTERESTING LAW CASE.

The Jones-Boynston Water Case Recently Decided by Judge Bigelow

The suit of Robert Jones against John Boynston, which was decided by Judge Bigelow last Saturday, involved legal questions of more than passing interest to ditch owners and water consumers generally. Prior to 1878 Jones constructed a ditch through the lands now owned by Boynston and for several years used it to convey waste water from the Nurcross and other ranches above to his lands below. No water has been carried through that portion of the ditch lying within Boynston's inclosure since 1880. In the meantime Boynston continued the cultivation of the land in and over the ditch the same as though it did not exist, and in this manner, and by the tramping of stock, the ditch in many places was entirely obliterated. Jones having no use for the ditch during these years made no objection to Boynston's user. Under this state of facts it seems the Court was called upon to determine whether Jones had forfeited his easement by abandonment and non-user, and the title to the same had reverted to Boynston by right of prescription. The Court decided that Boynston's sole and uninterrupted use and occupation of the land through which the ditch passes was adverse to, and inconsistent with, the right of Jones to the maintenance and use of the ditch; in other words, that Jones' non-user and failure to assert his claim for so many years in the face of Boynston's continuous user and occupancy of the premises amounted to an abandonment of his right.

THE CADETSHIP.

Each Applicant Passes His Physical Examination.

Seven candidates presented themselves to-day before the Board of Examiners—Professors Ring (Reno), Bray (Virginia) and Wadley (Winnemucca) and D. Allen, County Superintendent and advisory member for the naval cadet prize. The class consists of Fred C. Frey, Harry E. Stewart and Robert M. Fulton, Reno; Roscoe Carle, Balmor and Robert C. Gracey, Virginia City; Thomas Battery, Gold Hill; and William P. Savage, Sutro.

J. A. Lewis, M. D., acted as examiner as to physical fitness and found all up to the standard. The Board are making the examination very thorough, intending that whoever may pass here will be assured of being admitted into the Naval Academy when he may reach Annapolis.

COMFORTABLE HOMES.

How the Families of Comstock Miners Live.

The Virginia Chronicle says: A local prominent clergyman, who was asked how he accounts for the sudden disappearance of the \$350,000 in coin disbursed monthly on the Comstock to miners, mill, railroad and water company employees, and for clerk hire and labor, skilled and unskilled, said that a majority of married miners are saving \$50 a month out of their pay, while a large number of unmarried save from \$75 to \$80 per month, and he estimates that the monthly aggregate of the savings foots up \$455,000. The clergyman further stated that in the families of thrifty miners none of the comforts of life are dispensed with, but that neatness and contentment are characteristic of their homes.

Proposed Consolidation.

It is estimated that the expense of keeping dams in repair at Lovelock this season will exceed \$25,000. Captain Marzen's dam, which cost about \$12,000, was washed out and is a total loss, as is also the dam built by Pitt & Co. above the bridge. This makes irrigation expensive, and a move is on foot among the farmers to combine and build a dam up near Oreana, where there are good banks and a solid foundation, that will supply all the farms when there is plenty of water in the river.

New Mining Camp.

The Winnemucca Silver State says: Reports from Sanborn are very encouraging. The mill is completed and steam was raised last Saturday. The rope tramway from the mine to the mill, 1,750 feet, works like a charm, and last, but not least, ore is being extracted that assays about \$60 to the ton.

Owed by the Lottery Shark.

Although the heirs of Myra Clark Gaines have obtained another \$500,000 verdict against the city of New Orleans, the Louisiana State Lottery holds a first mortgage, and the Gaines heirs are not likely in this generation to see their money.

Attention, Company C!

The members of Company C (Reno Guard) are hereby ordered to appear at their armory at 8:30 o'clock Wednesday evening, July 2d, in full uniform, for special drill. By order of C. H. STODDARD, Captain.

Rye Patch Ore.

The Silver State says: Arrangements have been made to work 1,000 tons of ore from the Humboldt Queen mine at Mill City. The ore will be shipped by rail from Rye Patch to the mill, twenty-two miles.

A. O. U. W.

Nevada Lodge No. 5, A. O. U. W., installed their officers last night, and elected R. C. Leeper and G. O. McNeas as representatives to the Grand Lodge which will soon meet in Salt Lake City.

The Banks to Close.

We, the undersigned banks, will close our places of business on Friday and Saturday, July 2d and 3d.

BANK OF NEVADA, FIRST NATIONAL BANK.

Found Dead in Bed.

Spencer Crouse, aged 53 years, was found dead in bed at Pratt's ranch on the Little Humboldt.

Macdon's Fruit Jar.

Pints, \$1.15 per dozen; quarts, \$1.35 per dozen; 1/2 gallons, \$1.75 per dozen at Jaques & Son.

BREVITIES.

Local and General Intelligence.

This is good headache weather. The trains were nearly all on time to-day.

The Ananias Club held its first meeting last night.

The first crop of hay on many of the ranches hereabouts is nearly all in.

The Warren Junior Fire Company of Carson are to be in Reno on the Fourth.

The days are rather warm just at present, but the evenings are cool and pleasant.

The "After Dark" Company were not greeted with as full a house as they deserved.

Mrs. M. L. Wells, the noted national speaker of the W. C. T. U., will lecture in the Baptist Church this evening, July 2d.

Riley C. Leffer, at Stockton, Cal., Sunday night, took an overdose of morphine, and was kept alive by the merest chance.

A porter on the steamer Apache, known as "Johnnie," is supposed to have fallen off the vessel and drowned at Sacramento.

By reference to an item in another column it will be seen that both of the Reno banks will be closed on the 4th and 5th inst.

The Southern Pacific Company found it difficult to get horses for use on the grading from Merced to Oakdale, and had to import them.

The Martinez Cannery sent a carload of salmon to St. Paul last week to fill an order that followed the sending to that city of a sample case.

At 3 o'clock this morning Dr. Wagar caught a fellow customer of his of his chicken-house, where he claimed he went to look for his hat.

The final orders in the estates of S. C. Hall and John Dalzell were made yesterday directing a distribution of the property in both cases.

All the Relief Corps ladies who desire to assist the committee in decorating the Car of State for the Fourth of July are requested to meet at Mrs. P. B. Comstock's Thursday morning at 8 o'clock.

The Tribune claims that at least 500 of Carson's population have been missed by the enumerators, as fully that number of Carsonites are employed in the mountains at this time of the year.

The committee having charge of the Car of State for the Fourth of July procession request the young ladies who are to represent the different States to call at the residence of Mrs. P. B. Comstock on Friday morning at 9 o'clock in order to get their sashes and caps.

NEW YORK CITY.

With Suburbs, Claims to Have a Population of 3,000,000.

The Herald says: There is something imposing in the fact that New York will enter the closing decade of the Nineteenth Century as the second city in the world. The census estimates, say 1,700,000, may be less than Paris, but this is an inadequate expression of what New York really is. Brooklyn, Staten Island, Newark, Jersey City, the inhabited places that compose New York, depend upon it, build it up, added to the accepted figures of the city, alone easily give the metropolis 3,000,000. London surpasses this, but early in the Twentieth Century New York will be trying conclusions with London.

PERSONAL.

Miss Onie Gould is to read the poem on the Fourth.

Judge Bigelow went to Elko to-day to hold court, expecting to be gone about a week.

Will M. Guthrie, representing S. P. Taylor & Co. of San Francisco, is in town to-day looking after the interests of his firm.

Thrifty Arizona Indians.

The Yuma Sentinel says: The Indians this year have reaped a heavy harvest of wheat and corn from the moist lands adjacent to the "bottoms," which were overflowed up to a few days ago. The children of the Yumas have learned that they can get three crops in one year by moving to different parts of the alluvial lands at the proper time. A number of the Yumas have grapevines and pomegranates planted near the river, but above overflow, and they are doing nicely and will be in full bearing next season.

Butterflies by the Millions.

The swarm of butterflies that passed over the country a week or two ago, says the Placerville (Cal.) Mountain Democrat of the 28th of June, are now camped near the summit of the range. Here they settle about the springs and moist places so thickly that teamsters report that at times it is impossible for them to see the leaders, and that horses are often scared by a sudden rise of large masses of them.

Showed Their Disapproval.

At Boherlahan, Tipperary, Ireland, where a prohibited meeting was dispersed last Tuesday by armed police, the occupants of the galleries in the parish chapel on a recent Sunday left their seats when the local police entered for their devotions, no one remaining in the gallery but the family of a boycotted man.

A New Line of Stages.

Halstead has put on a line of stages between Reno and Quincy. This was made necessary by the change of railroad route. The stage leaves here at 6:30 A. M., and one can go through by stage fully as comfortable as by train.

If About to Travel or Emigrate.

The voyager cannot be provided with a safer remedy and protective medicine than Hostetter's Stomach Bitters. Abundant testimony exists to prove that it unifies hurtful climatic influences and the effects of exposure, that it reconciles the stomach to unaccustomed food, and prevents injurious results from impure water. Marine, tourists, emigrants and miners have all contributed their quota of testimony in its behalf, and its protective influence has been most effectively demonstrated in regions and under conditions where, if not really effective, that fact would have long since been exposed. In no class of disorders have its remedial and preventive properties been more conspicuously shown than in cases of acute fevers, malarial fevers, and all fevers, in the tropics. Hostetter's Bitters is scarcely second to that which is enjoyed on this continent. It is, moreover, a most agreeable appetizer and service.

ADVERTISED LETTERS.

NEWS NOTES.

An Illinois farmer died recently from the effects of a bee sting.

Two original-package dealers have been put in jail at Topeka.

The French Nationalist idea is having a remarkable growth in Quebec.

A cargo of ice from Norway arrived at New York on Wednesday. More is likely to follow.

A batter at Wilkesbarre, Penn., has made a straw hat with a brim fourteen feet in circumference.

St. Paul charges Minneapolis with padding the census to the extent of 50,000 or 60,000 names.

Evidence has been discovered at Newcastle, Ind., of a political pull by the census enumerators.

Sixty-seven indictments have been found in Jersey City against Election Inspectors charged with fraud.

The Roman Catholic authorities in the diocese of Montreal have prohibited political meetings on Sundays.

Hallstones as large as hens' eggs fell in Berryville, Va., a few days ago, and some were as large as a man's fist.

City Solicitor Mitchell of Bangor, Maine, has decided that the police are liable to suits for damages for seizing liquors sold in original packages.

Of the 156 applicants for admission to the Military Academy at West Point, twenty-four failed to pass the examination on account of physical defects.

The Postmaster General of Japan and the Postmaster General of Canada have signed a convention for the establishment of a parcel post between the two countries.

The extraordinary thing about the Louisiana Lottery business is that all the old New Orleans papers noisily favor the sale of the State except the Picayune, which keeps absolutely silent.

Supervisor of the Census Wright estimates the population of Maine's principal cities as follows: Portland, 34,500; Lewiston, 21,000; Biddeford, 13,500; and Auburn 10,100. The gains in each case are very small.

An American Song Bird.

Mabel Stevenson, a little New York girl who went over to England with her mother to amuse the English swells with her imitations of birds, has achieved a remarkable success. She sings twice before the Prince and Princess of Wales this week on the occasion when the royal gentleman and lady will be in the city.

A ST. LOUIS PHYSICIAN.

He Tests a California Production.—His Report.

A St. Louis gentleman whose affliction was sick headaches was so surprised at their cure by Joy's Vegetable Sarsaparilla, that he called it to the attention of a relative, who happened to be Dr. F. A. Barrett, the well-known St. Louis physician of 262 Broadway Street. The doctor saw at once that it differed from the potato preparations in that it was purely vegetable, and becoming interested, began a series of investigations, and in a subsequent letter candidly admitted its curative properties, and says—

Wishing to test its virtues further, I used it in my own family, and prescribed it for patients who required a general system of medicine. As a result, I can say it is an almost absolute cure for constipation, biliousness, dyspepsia, indigestion, and sick headaches. These troubles usually come from a disturbed condition of the stomach and bowels, and Joy's Vegetable Sarsaparilla is the best laxative and stomach regulator I have ever seen, and as a general system of medicine is almost perfect.

(Signed) F. A. BARRETT, M. D., 262 Broadway St., St. Louis.

A Sure Cure for Piles.

Itching Piles are known by moisture, like perspiration causing intense itching when warm. This form, as well as blind, bleeding and protruding, yield at once to Dr. Ross's Pile remedy, which acts directly on the parts affected, absorbs tumors, always itching and effects a permanent cure. Dr. Ross's Pile remedy, which acts directly on the parts affected, absorbs tumors, always itching and effects a permanent cure. Dr. Ross's Pile remedy, which acts directly on the parts affected, absorbs tumors, always itching and effects a permanent cure.

My New Quarters.

My patrons are hereby notified that I have moved my cigar and tobacco business from the Coakes building to my new store next to John Sunderland's clothing department, where I will be pleased to see all in want of my line of goods.

A. NELSON.
